I am a self-taught User Experience Designer with 1.5 years of experience in a Strategic Design Agency, focusing on fintech and SaaS start-ups. With a background in business, I blend creative design with strategic insight, ensuring that my work not only meets user needs but also drives business results. I thrive on experimenting across different design streams, including motion design, 3D art, and sketching, and enjoy balancing aesthetics with functionality. My passion for design lies in pushing beyond preset standards to unlock the full potential of each project.

Work Experience

Experience Designer — Apr 2023 – Present (19 Months)
Squaircle Creative Studio

At Squaircle, I manage the full spectrum of design operations, from conducting discovery workshops and leading user and stakeholder interviews to market research and client management. I've been involved in visual design projects across SaaS, B2B, B2C, and website clients, focusing on experience improvement and building cohesive design systems. My time here has allowed me to experiment and grow by working closely with diverse clients and businesses, handling everything from project execution to refining user experiences.

**I've been doing Freelance Visual Design, Web Design and Development for the past 4 years.

Payments Analyst — Sept. 2022 – Jun 2023 (10 Months)
Natwest

As part of the Ulster division's closure team, I focused on ensuring a smooth client experience throughout the exit process. My role involved managing and processing payments while addressing client needs during the transition. I collaborated with cross-functional teams to streamline workflows and maintain high customer satisfaction during this critical period.

Education

D.G. Vaishnav College — 2019 - 2022
Bachelors Commerce Honours, GPA: 7.4

Sri. R.M. Jain Vishyasharam — 2017 - 2019
